ATTACHMENTS ADD VERSATILITY.

The Cub Cadet Volunteer was designed while thinking ahead, making it the strongest choice out there. With more than 40 heavy-duty attachments, you'll be able to take on any task or terrain that comes your way. Optional add-ons like an electric bed lift or 26" off-road tires give you the tools to feel confident and safe in taking on an adventure anytime, anywhere.

INDUSTRY-LEADING FEATURES. THAT'S THE STRENGTH OF THE **CUB CADET ADVANTAGE.**

HAUL GEAR ANYWHERE

The steel hood rack (A206) makes sure you never have to leave anything behind. With attached headlight guards, it mounts directly to the bumper and operator protection structure (OPS), still letting you open the hood with ease while carrying everything you need.

STAY COMFORTABLE

The acrylic windshield (A200) mounts directly to OPS to protect you and your passenger from the elements. Even in the toughest weather you'll stay comfortable and protected.

CLEAR A WIDER PATH

The 72-inch super-duty blade (A70024) with angles up to 28 degrees, heavy-duty skid shoes and 14" of transport clears paths faster than average blades, which means you'll spend less time out in the cold.

OPTIONAL EQUIPMENT FOR ALL VOLUNTEER UTILITY VEHICLES

ELECTRIC BED LIFT (A212)

Push-button operation makes it easier and more convenient to get jobs done. Mounting hardware included. Electric accessory harness (B209) required.

WARN® 4,000-LB. WINCH AND MOUNTING PLATES (A70015)

4,000-lb. winch with remote control and steel cable. 3,500-lb. mile marker winch also available. (A205)

HEAVY-DUTY BED LINER (A70001)

Heavy-duty molded bed and tailgate liner protects the bed from scratches and wear. Bed mat also available. (A208)

POLY CANOPY (A70004)

Light and sturdy roof for protection from the elements.

ACRYLIC WINDSHIELD (A200)

Mounts directly to OPS to protect operator and passenger from the elements.

COMPLETE SOFT CAB (A200-A202)

The acrylic vinyl and steel soft cab is a practical option for complete enclosure.

SPEEDOMETER & FUEL GAUGE (B70012)

Digital speedometer, fuel gauge, trip function and odometer.

SIGNAL LIGHTS (A239)

Bright and visible for turns, brakes, work and hazard.

HORN (B101)

Lightweight, 113db-rated horn mounts to the frame of the Volunteer in four simple steps.

Electric accessory harness (B209) required.

REAR VIEW MIRROR (A203)

Large rear view mirror mounts to OPS. It can be used as a rear view or side view mirror.

14" ALUMINUM RIMS AND 26" OFF-ROAD TIRES (B235)

Set of four 14" aluminum rims and 26" heavy-duty, radial Goodyear MTR tires.

LIGHT BAR (A70022)

Low-profile light bar has four 35-watt adjustable driving lights for added visibility.
